

Adopt a Rescue Animal

Cheltenham Animal Shelter

Based in the heart of Gloucestershire, we rescue and re-home unwanted and abandoned stray cats, dogs and small animals. Each year we care for around 1000 animals at a cost of **£500,000** without the help of any Government funding.

We rely greatly on the generosity of animal lovers like you to ensure that our doors remain firmly open.

Please take a moment to visit our website where all animals currently looking for new homes are listed.
