

## Casvet LLP Environmental Policy

At Casvet LLP we recognise that all businesses have an impact on the environment in many ways. We are committed to continuing to review and improve our performance in relation to the services we offer and how we operate.

The following key environmental impacts have been identified within the provision of services at Casvet LLP.

- Electricity, water, and gas consumption.
- Waste production.
- Paper use.
- Procurement and supplies.
- Transportation of animals and personnel.
- Use of volatile halogenated anaesthetic agents.

At Casvet LLP, we are committed to reducing these and to continuing to improve our environmental performance. Our policy is to comply with any environmental legislation and regulations relevant to our business and its activities, according to the EU and Environment Agency.

Casvet are committed to working with our staff, clients, suppliers, stakeholders, contractors, regulatory bodies, and the community to achieve the following:

- Regularly assess the environmental impact of our business in the areas forementioned.
- Reduce waste and carbon emissions.
- Create targets for annual measurements of improvement.
- Increase cost effectiveness by reducing our consumption of energy.
- Share our improvements with our staff, clients, and stakeholders.

It is our policy that the responsibility of supporting this policy is that of all employees, visitors and contractors through active participation and cooperation.

This policy will be displayed in our waiting room, available to staff in our policy folder, and made available to the general public via a link on our website.

The introduction and implementation of this policy is a commitment of Casvet LLP management and a shared responsibility with our employees. Josie Rowe has the designated responsibility for the day-to-day implementation of this policy.

This policy will be reviewed annually.

Signed: Wayne Garton PgCertVBM RVN

Position: Practice Manager

Date: 01/12/2024
